## PROFESSIONAL SUMMARY

Full-Stack Web Developer and Technical Mentor with 2+ years of experience building scalable web applications using React, Node.js, and modern development tools. Guided 50+ junior developers through hands-on mentorship and project support.

## EXPERIENCE

### Kalvium

Bangalore, India

#### Full Stack Web Developer & Technical Mentor

04/2023 – Present

- Built an automated assignment evaluation tool using React.js, Node.js, and Gemini API, reducing manual review time by 95% through pull request analysis and AI-generated feedback.
- Developed a performant Learning Management System(LMS) with React.js, Redux, Chakra UI, and RTK Query, boosting efficiency by 15% via client-side caching.
- Designed scalable RESTful APIs for the Management System(LMS), ensuring high reliability for 3,000+ daily users.
- Co-created a real-time attendance system using facial recognition, adopted by over 2,000 users across institutions.
- Mentored 50+ junior developers, guiding them through real-world projects and code reviews.

### Vanilla Networks

Kerala, India

#### Full Stack Web Developer Intern

11/2022 – 01/2023

- Implemented onboarding workflows for doctors and patients using React.js and Tailwind CSS, reducing onboarding time by 25%.
- Developed a notification system delivering real-time alerts to over 1,500 users, increasing user satisfaction rate by 30%.
- Engineered backend APIs with Node.js and Zod for onboarding and notification services, handling 1,000+ daily requests.

## SKILLS

**Programming Languages:** JavaScript, TypeScript, Java, C++, SQL, Python (Basic)

**Frontend:** React, Next.js, Tailwind CSS, Chakra UI, Shadcn UI, Material UI

**Backend:** Node.js, Express.js, Nest.js, GraphQL (Beginner)
